It can help you with learning English better and more effectively. There are different dictionaries in different levels and sizes and it is important to look for the best one for you. Dictionaries are monolingual or bilingual. The monolingual ones contain more information about each word in English. Although choosing an advanced dictionary isn't recommended. An intermediate one would be good enough. If you want to carry that with yourself to everywhere, it is better to have a pocket dictionary. And of course, there are some online dictionaries you can use on your smart phone or computer. They are free and easy to use.</p></div> <p>a. A bilingual dictionary has more information. True / False b. An intermediate dictionary is the best for a student in high school. True / False c. Online dictionaries are so expensive. True / False d. There aren't different types of dictionaries. True / False</p>	۱۱
