14	**Passage**  It was a cold day in Bijar. Students couldn't go out, so they stayed in their classes. A heater in each class was trying hard to make the little students warm. After a few minutes, every teacher went to his own class. Mr. Omidzadeh, who was a teacher from Gilan, was the teacher of students in grade 5. He went to his class and started teaching. Suddenly, he heard loud screams coming from grade 2 class. The students were shouting loud for help. They were caught in fire. As fast as possible, Mr. Omidzadeh ran toward their class. He and Mr. Abedi, the teacher of grade 2, spared no pains to save the students. They took out the students one by one. While they were saving them, the fire was getting bigger and bigger, Mr. Omidzadeh risked his life and went into the class to save the last student. He	

succeeded to save the last student, too. However, when he himself wanted to get out, the class door got locked. He tried hard to open it, but it was impossible because the doorknob was broken. The temperature was getting hotter and hotter. He even couldn't see clearly because of the smoke and large flames.

Mr. Omidzadeh ran to the window and tried to get out, but the window fence stopped him. At this time, people of the village saw the fire and ran to his help. They broke the class door and took him out. Sadly, he was severely burned. **They** called the emergency. He was taken to Poursina Hospital in Fuman. He stayed in the hospital for three months until he was sent to a hospital in Tehran. Physicians at both hospitals **spared no pains** to cure him. They did about 17 operations on him.

After being discharged from the hospital, his wife took care of him for a long time. After a while, Mr. Omidzadeh got a bit better, but he suffered a lot of pain for years. Despite his terrible pain, he was always happy that the 30 young students were saved successfully. 1.5
