۳	Reading **متن زیر را بخوانید و به سوالات به صورت خواسته شده پاسخ دهید.** It is very important for us to respect our elders. It is also important to note that elders were not born elders; they were kids like us and now have grown old. A few years hence, we will also grow older. If today we respect them, our present and future generations will carry those values and will learn to respect us as well when we grow old. Elders have a lot to share with us: their life experiences, their failures, their successes and many more. Thus, we need to care for them because they deserve to be cared for. Respect and care for elders start with our parents, as **they** are our first teachers in our life. No matter what we do in our lives, who we are, and where we live, we must love them as they love us unconditionally. They feel honored when we appreciate their love and respect them. Therefore, it is our duty to help them when they need us because they are not young enough to handle things on their own like before. ۳۶. The best title for this passage would be "..." . a) Respect Your Parents Unconditionally b) Share Your Elders' Experiences c) Handle Things on Your Own d) Respect Present and Future Generations . ۳۷. The pronoun "they" in line ۷ refers to ... . a) successes b) elders c) experiences d) parents ۳۸. How do elders feel when we appreciate their love ? …… . True / False ۳۹. It is important to remember that elders were not born elders.

A dictionary is a collection of words ranging from letters A-Z. When reading or writing a story, an essay, a paragraph or even a sentence, using a dictionary is a great help.
There are many advantages of using a dictionary. So, using a dictionary is important for students. The first advantage of using a dictionary is pronunciation. We can also listen to the pronunciation of the words if we use an audio dictionary. The second advantage of using a dictionary is checking out the word's right spelling. The third advantage of using it is learning a word's part of speech. It is one of the types into which words are divided in grammar according to their use, such as noun, verb, or adjective.
Lastly, example sentences are mostly available. Seeing specific words used in a sentence can provide more context and help you better understand proper usage. However, searching words by using a dictionary takes a lot of time. By using a talking dictionary, we are able to look the words up in a few minutes.
As a result, a dictionary is a great help for everyone, especially students who are learning a language and who are interested in language learning.
